

WAI YAN HTUT

Web Developer

PERSONAL PROFILE

I'm an eager, ambitious and creative youth who is looking for opportunities and experiences concerning the Software Development field. I possess strong interpersonal skills and teamwork communication skills when collaborating with others. With a solid understanding of HTML, CSS, JavaScript, jQuery, and object-oriented programming concepts, I am equipped with a foundation in web development. I am driven by a strong desire to continually expand my proficiency in various programming languages. Now, I believe, I am ready to embark on this exciting new chapter as a junior web developer.
